BRIGHAM CITY WILL BE SUPPLIED WITH NATURAL GAS

Nat Levi, manager for the British American Petroleum company, is down from Brigham City.

The company has been in the field there for several months and has two rigs, a Standard for deep drilling and a Keystone for lighter work. It began operations by putting down, with the lighter rig, three holes in different localities near Brigham to a depth of 300 feet. In each of these gas in considerable volume was tapped at various depths, the first light flow being encountered at about forty feet.

Recently the Standard rig has been at work on a well which is to be bent down 3000 feet. It is now down 1300 feet and Mr. Levi says the prospect for gas in commercial quantities is excellent, and greater volume and heavier pressure are expected as depth is attained. The gas is an oil product and of the very best grade of natural gas. The quantity of gas already secured by the company in its operations is more than sufficient to supply the town of Brigham, and the company has been granted a franchise for putting in a distributing plant for that city.

Just now work at the deep well is suspended, awaiting the arrival of casing, shipments of which from the east have been delayed. It is expected in a few days, when work will be resumed with a double crew.

BIG KILLING BY THE RABBIT HUNTERS OF OGDEN

The Ogdens hunters, 165 strong, with no fatalities except to about 7500 rabbits, returned from Monument, Utah, at 8 o'clock last night. The hunt was pronounced to be the most successful one ever held in Utah and today many of the poor people of the city, with others, will gather around a big platter of delicious jack-rabbit.

The train was met at the Union depot on its arrival, by over 400 people, all clamoring for rabbits, and it was only by a strong effort that several wagons were filled for distribution among the poor of the city before the workers under the direction of Chief of Police W. I. Norton, had to give in and let the crowd have what was left.

The hunting train left for Monument yesterday morning, with D. M. Newton, traveling passenger agent of the Oregon Short Line, and F. W. Eastern, assistant superintendent of the Southern Pacific, in charge. The hunters separated into companies, with the following acting as captains: W. I. Norton, Dr. G. W. Baker, W. H. Taylor, Oscar Couch, A. L. Brewer, George Browning, George Seaman, and Richard Lock of Ogden; Will Taylor of Hooper and Mr. Jensen of Hooper.

The shooting was done on the sagebrush flats near Monument, in about 12 inches of snow. Tramping through the snow proved rather tiring work but the snow was responsible in a large measure for the big killing, as the rabbits when once scared into the open, stood little chance of getting away.

The rabbits were gathered up by horsemen, who will receive approximately \$375 bounty from Boxelder county for their work. The bounty paid by the county on the rabbits killed by the Salt Lake party last Sunday, amounted to \$186. It is easily seen by a comparison of the two amounts, that the statement made by the Ogdens hunters that their hunt was the most successful one ever held in the state, is true.

R. L. Norgie, representative of the Universal Weekly, and B. Struckman of the Pathe Weekly, went with the hunters and, just before the return trip was made, secured over 400 feet of moving picture films of the hunt. These will be shown practically all over the world.

RELEASED FROM JAIL TO BE ONCE MORE ARRESTED

Maurice M. Tucker was released from the county jail yesterday afternoon only to be arrested by Salt Lake officers and taken to the capital to answer the charge of issuing bad checks.

Tucker was held to account in the district court here for a like offense and had just finished a 60-day service in the county jail. He cashed a number of worthless checks in Ogden for small amounts and it is said that in Salt Lake he got money on a bad check for about \$100.

SHERIFF AUTHORIZES THE ARREST OF T. R. KELLY

Sheriff T. A. De Vine has authorized the sheriff of Box Elder county to arrest T. P. Kelly, employed by the telephone company at Brigham City, for passing bad checks.

The sheriff states that Kelly recently passed a check at the Buchanan and Flowers store for \$35 when he had no funds in the bank. The company filed a complaint when Kelly failed to make the check good and a warrant for his arrest was issued. It is expected that Kelly will be arrested today at Brigham City.

OFFERS TO AID THE CITY BOARD

Seeking to do all in his power to aid in a peaceful solution of the difficulty now facing the city Board of Education, in the vacating of their present quarters in the City Hall, the Hon. Fred J. Kiesel yesterday made a statement concerning his willingness to furnish quarters for the board at a comparatively small cost, should it finally be forced to comply to the order of the City Commissioners.

Mr. Kiesel's statement follows: "The board of education can have four rooms in the Col. Hudson building for \$75 a month, that being one more room than they now occupy. Or, I will rent five rooms to the board for \$100 per month. Besides, as a matter of public good will, I will donate the first three months rent, not a cent of charge in any way. "The board has spent \$1,000 in fitting up its present quarters, according to the official reports given publicly. Now it is suggested that \$3,000 more be spent to fit up rooms in the attic, reached only by climbing long flights of stairs. It seems to me that it would be much cheaper, a big saving to rent a suite in a modern building like the Col. Hudson building, with every convenience furnished. That \$3,000 would pay forty months rental and with three months added as a donation, the time would extend nearly four years. In that time, the school board, if it took the

upper floor of the hall, might be crowded out because of the increasing city business, or it might even be determined to build a new building. In either instance, the board would have to rent.

"One should remember, too, that Twenty-fourth street is the exact center of the city of Ogden, as well as one of its greatest thoroughfares."

P. J. NAYLIN BOND FOR LICENSE IS APPROVED

At the meeting of the city board of commissioners this morning, Mayor A. G. Fell advised the board that he had been served with a summons in the case of the Ogden River Reservoir company against the American Construction company and Ogden City. The matter was referred to the city attorney.

The suit was brought to cancel a certain lien which the American Construction company secured some time ago on the South Fork reservoir site property belonging to the plaintiff company for an alleged indebtedness. The city being interested in the reservoir, it became necessary to make it a party to the suit.

The estimate for extra work ordered and also the final estimate for work done in sidewalk district 117, by the George A. Whitmeyer & Sons company, amounting to \$690.55, were allowed and the auditor instructed to draw warrants for the amounts. The following payrolls and claims were allowed and ordered paid:

HEALTH OF TROOPS IN TEXAS IS GOOD

Washington, Dec. 31.—Health of the officers and men encamped near Texas City, Texas, despite widespread reports of unsanitary conditions there, continues to be nearly one per cent better than troops in their home stations. This statement was made today by a high army officer, who thought this record justified. Major General Carter has instructions from the war department to move the camp when in his judgment conditions warrant such action.

WATCH NIGHT AT THE METHODIST CHURCH

In what manner should one watch out the old year and watch in the new? There are various customs. Some prefer to spend it in revelry, others in social, but innocent, gaiety. The Methodist church always has held that it is a time which should be spent in serious consideration, in balancing the moral books of the year and in getting a good supply of grace for the coming year. So Watch Night services have been a unique feature of the Methodist yearly programs.

The First Methodist Episcopal church here will observe Watch Night this evening from 8 o'clock to midnight. The first part of the evening will be spent as a reception to the new deaconess, Miss Mable Lamb who arrives this afternoon from San Francisco to take up her work as assistant in this parish. Refreshments will be served by the Ladies Aid Society. The Epworth League has suitably decorated the reception room. Special music will be rendered.

The last two hours of the service will be given to retrospect and prospect, during which the various organizations of the church will give their annual report and the pastor will speak and conduct the time-honored Methodist love feast.

A consecration service and circle-of-fellowship will close the service.

"OFFICER 666" AT ORPHEUM TONIGHT

"A riot of clean fun" exactly describes Augustin MacHugh's famous melodramatic farce, "Officer 666," which appears at the Orpheum tonight and which ran for nearly a year at the Gaiety Theatre in New York, and when Gothamites continue to laugh and applaud a comedy for that length of time, it must be "some play." "Officer 666" is a sure enough play. In construction it is absolutely novel, and its many scenes are so full of action, its climaxes so tense in unexpected surprises, that its audiences are treated to thrill after thrill in a perfect maze of mystery. If you want to laugh without interruption for two mortal hours see "Officer 666" tonight.

TEN DOLLARS FOR DISTURBING PEACE

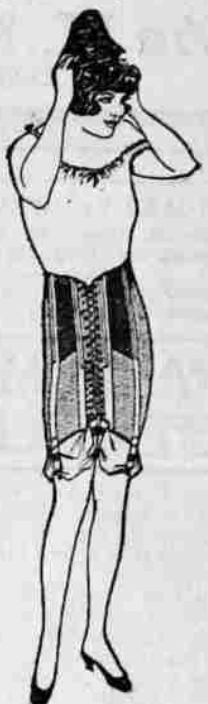

Considerable amusement was caused among the municipal court attendants when Attorney Joseph Chee, on behalf of Steve Marino, made a plea for a reduction of bail for his client. In answer, Judge Reeder informed the attorney that the bail was taken to insure Marino's appearance in court, that the bail money was thereon a lien, and that Marino was arrested Saturday night by Officers Peterson and Chambers at Wall avenue and Twenty-fourth street, with two companions, Pete Mark and Eli Eurtio, and the three were charged with disturbing the peace. When placed on trial, Marino pleaded guilty and the other two entered pleas of not guilty. There were no witnesses and Assistant City Attorney John Heywood moved that the cases against Mark and Eurtio be dismissed. The motion was granted and the two men discharged.

Marino was allowed to tell his story, which brought out the fact that he had just used a little extra persuasion on his friends to get them to go with him to a saloon and that the disturbance had caused the manager of the Brigham hotel to send for the police. The judge said that he would listen to the plea of the de-

PITIFUL TRAGEDY IN ARTIST'S STUDIO

Paris, Dec. 31.—The body of Wincelias Polzynski an artist of promise, was found in his studio today. His death revealed one of the most pitiful tragedies of the Latin quarter in years. He came to Paris a few months ago, but did not meet with success. His funds were finally reduced to an extent necessitating the pawning of even his clothes and bedding. The intense cold finished the work begun by starvation.

Los Angeles, Cal., Dec. 31.—The police here doubt the costumed murderer, who is awaiting execution February 13 for the murder of Mrs. Rebecca Gay, a Christian Science practitioner in Los Angeles, that he also killed and robbed C. E. Pendell, a Los Angeles diamond broker.

POLICE DOUBT NEGRO HARRIS' CONFESSION

Pendell was killed last June. In his confession of the murder Harris told of his theft of an automobile, in which he said he escaped from the scene of the crime. A search of police records failed to disclose a theft of an automobile under conditions which Harris described.

TWELVE-HOUR-DAY WORK DENOUNCED

Washington, Dec. 31.—Laborers compelled to work twelve hours a day are "worn out more rapidly than were the slaves on the southern plantations and are more effectually debilitated from the common pleasures of life than many of the prisoners in the penal institutions," was the declaration made by Dr. Basil M. Manly today before the American Association for Labor Legislation, in joint session here, with the American Political Science association.

WILL TRY TO DOWN REGULAR DEMOCRATS

Indianapolis, Dec. 31.—At a meeting of independent Democrats of the state last night the Wilson and Bryan league of Indiana was organized with the avowed purpose of trying to overthrow the regular Democratic organization in this state as led by Thomas Taggart, Democratic national committeeman. Democrats from every congressional district in the state were present at the meeting.

Lord Haldane, in a recent address to young men, urged them to take the widest view of life and to look to mind for the interpretation of matter rather than to matter as the source of mind.

CUMMINS URGES RE-ORGANIZATION

Bright Hope for Future of Republican Party After Overwhelming Defeat.

Des Moines, Ia., Dec. 31.—Adherence to the program for the reorganization of the Republican party determined upon at the recent meeting of the Republican National Committee in Washington, was urged by Senator Albert B. Cummins in an address before the Grand Club here last night. The senator declared that he had not changed his mind as to the superiority of his own plan for an extraordinary convention of the Republican party to adjust the matters of rules and representation, but he recognized that the proposed convention was "a means to an end, and that the changes themselves were the substantial things to be accomplished." He accepted the action of the National Committee as a fair fulfillment of the demand for re-organization.

With reference to the third party movement, Senator Cummins said he could not concur in the conclusion that true "Progressivism" necessitated the formation of that party.

"While the Republican party is now suffering the consequences of its extreme and overwhelming defeat," he said, "to me which there has never been a day in its career so bright with hope as the day just closed. When it returns to power, as I confidently believe it will in the near future, it cannot be otherwise than true to the mission it was born to fulfill. Now and then it may linger along the road, because the voters themselves become indifferent or apathetic. Now and then it will make a mistake, because its leaders are false to the trust which they have undertaken to execute; but so long as the great body of its membership, is alive to the duties and responsibilities of American citizenship, so long it will give the people of the United States the most progressive, the most just, the most helpful government of which mankind is capable."

The senator after a brief discussion of currency and tariff discussion concluded with the statement that he had determined to spend the remaining years of his public service to his part in the restoration of the Republican party to its old time strength.

GERMANY TURNS DOWN RECIPROCITY

Washington, Dec. 31.—Germany's refusal to grant favored nation treatment to American steels, rubber goods, etc., is based on the broad ground that a nation is not entitled to claim the reduced rates contained in a reciprocity treaty unless equivalent advantages are offered. Germany now has trade treaties with Sweden and Japan, which permit reduced rates on the commodities named, and the United States has claimed similar rates on the same kind of American goods but without success.
